**AV30**

THE BOAT OF THE FUTURE

***We are voyagers in spirit,  
explorers at heart.***

*Riding high above the waves  
and into the unknown.*

*Through sustainability and innovation,  
we reimagine the power of movement.*

*We build and embrace the challenge to  
create what never existed.  
Explore what was overlooked.*

*New waters spark our imaginations  
and nurture our souls  
Revolutionizing waterways,*

*Transforming into new highways for  
human connection,*

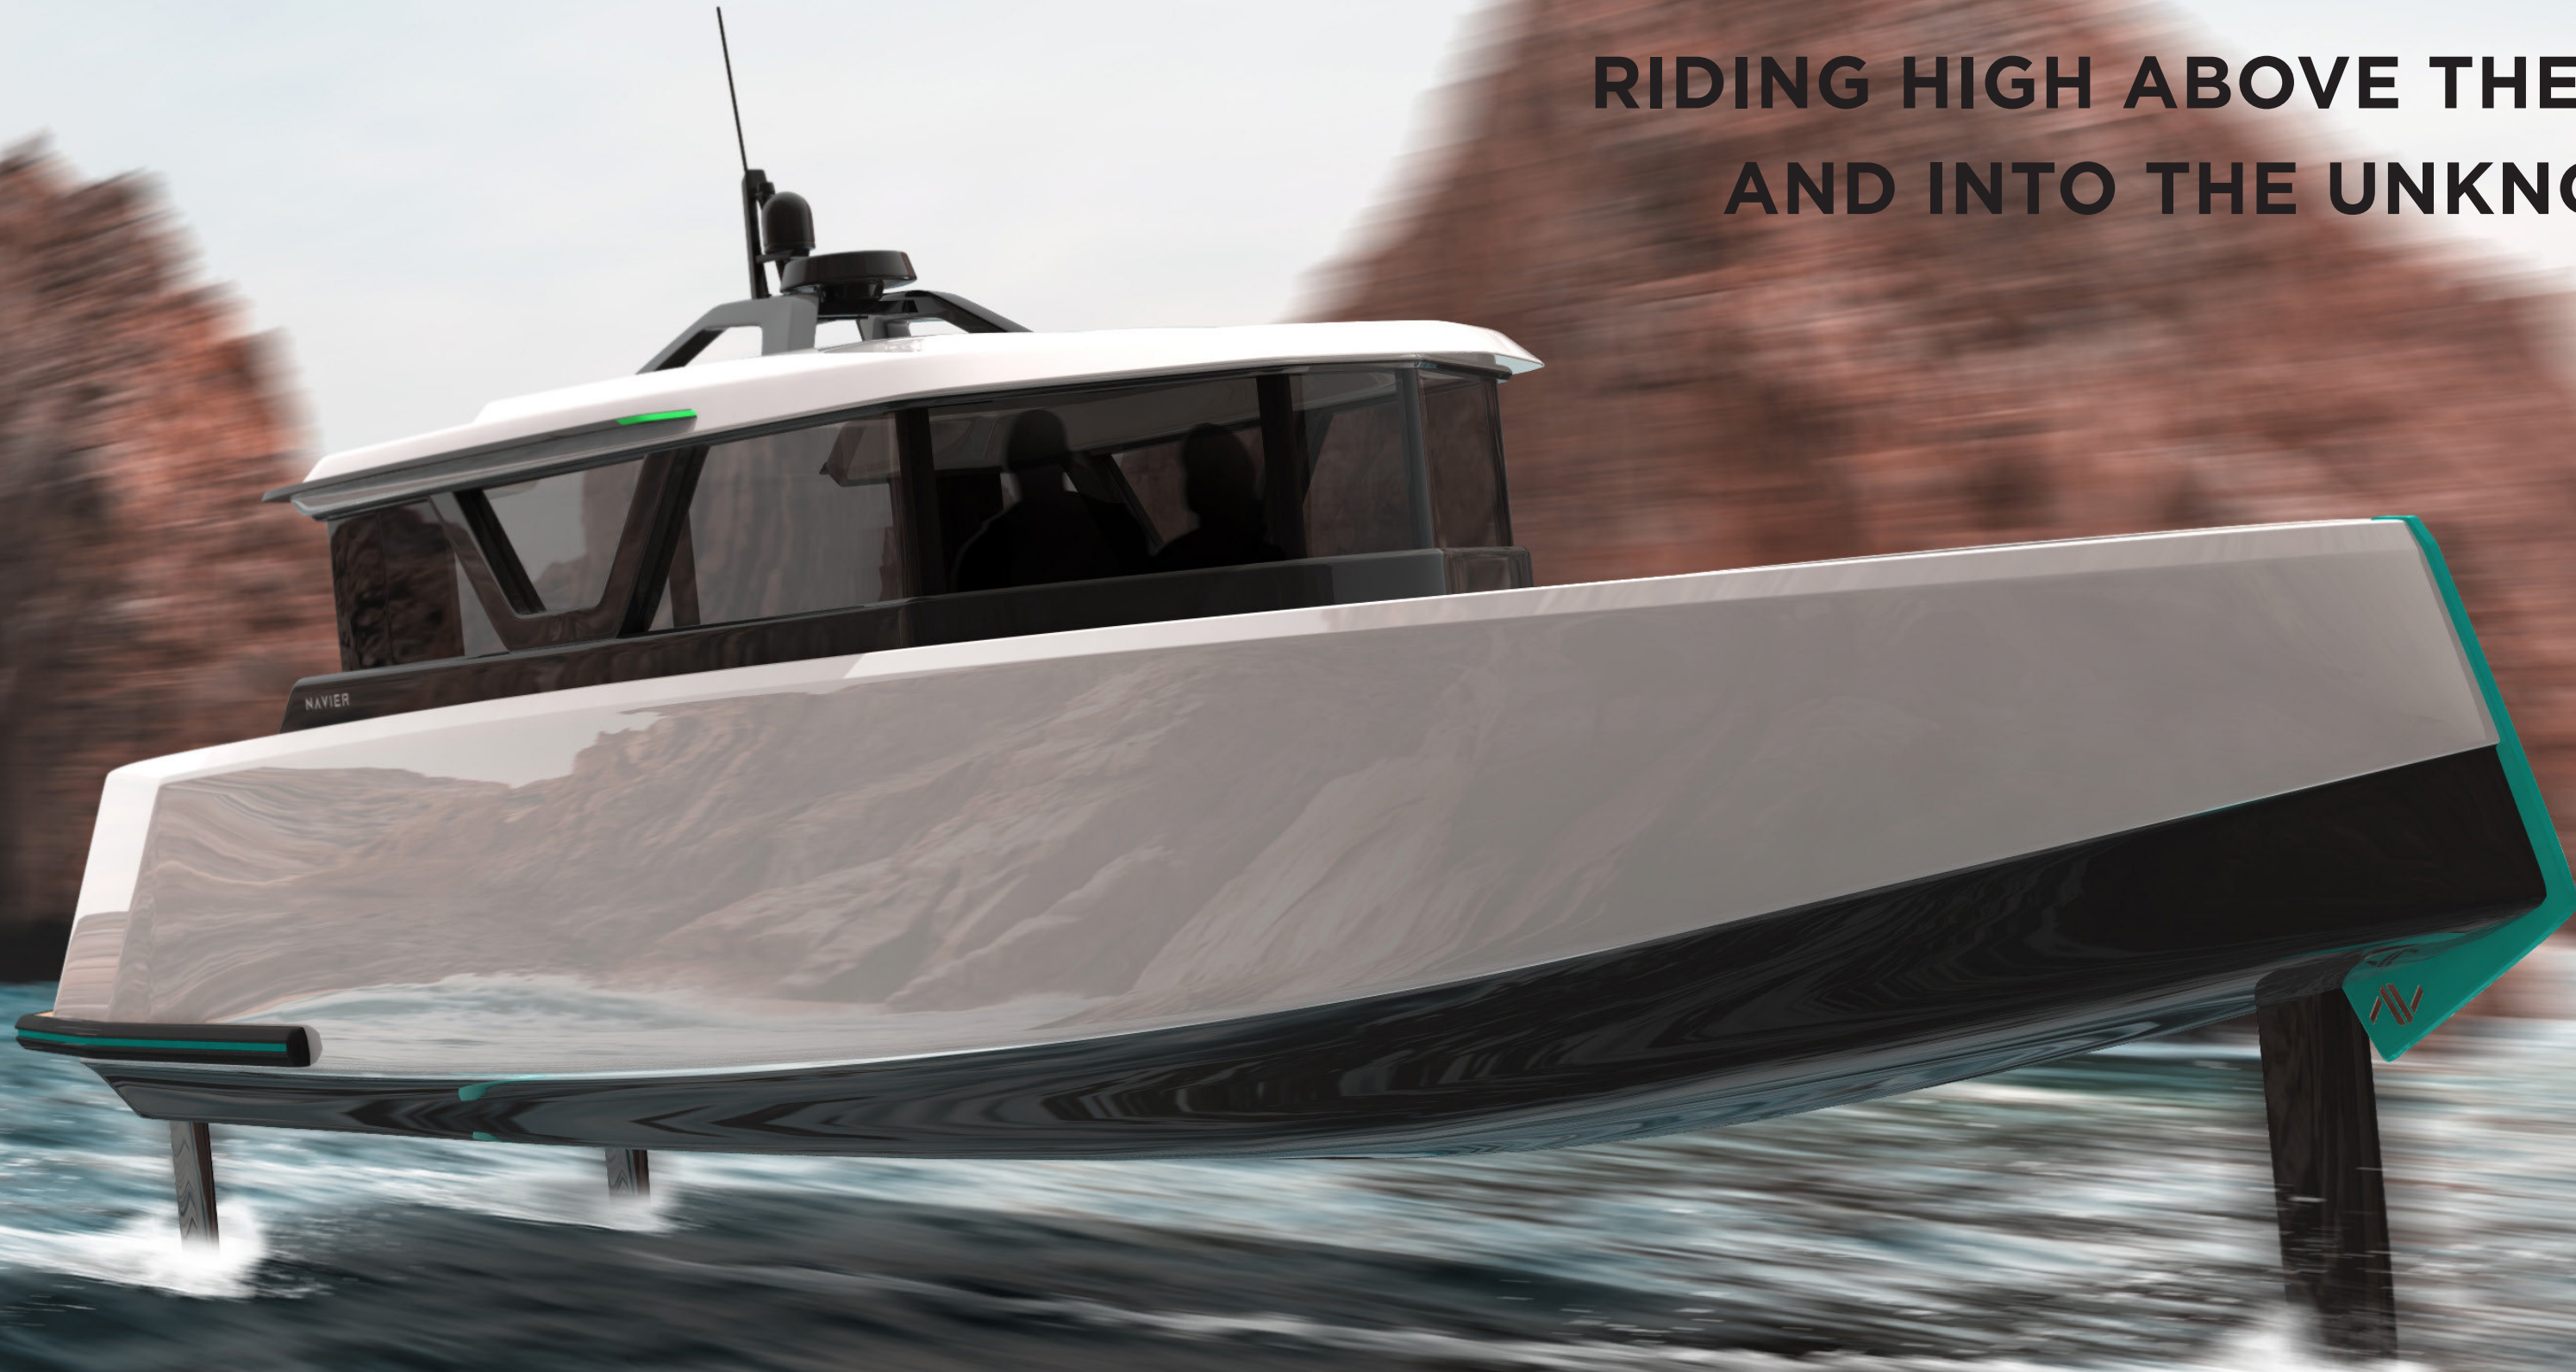

*Shaping new frontiers and searching  
for a new world beyond the shore.*

*The ocean blue is calling.  
There is a freedom yet to be explored,  
discovered, and pioneered.*

***Adventure awaits.***

**RIDING HIGH ABOVE THE WAVES  
AND INTO THE UNKNOWN**

# INTRODUCING N30

## The Boat of The Future

N30 is America's first and the world's longest range fully electric hydrofoiling boat.

Going against conventional wisdom, we have designed a boat that delivers electric operation without sacrificing on performance and utility.

# INNOVATION ON THE WATER

## Pioneering Technology

N30 is undoubtedly the most advanced electric marine vessel built to date.

To achieve 75 nautical miles of range, N30 minimizes drag using twin hydrofoils to lift the boat four feet above the waves. HIRO, Navier's proprietary operating system, lies at the core of N30 and knits sensors with software to deliver an effortlessly smooth ride. Eliminate range anxiety as you plan your trip seamlessly and embrace advance maneuverability with one click autodocking and joystick control.

Despite the advanced technology, flying N30 is simple for any marine enthusiast and delivers a sporty yet effortless driving experience, keeping the captain squarely in charge - if they so desire.

Dual Marine Display

# PRESERVING OUR LAKES AND OCEANS

## Driven by Sustainability

At Navier we are dedicated to freeing lakes, oceans, and waterways from fossil fuel pollutants. We lead with an understanding of our collective responsibility to transition the planet to a clean, livable future.

N30 brings you closer to the magic of the ocean and empowers you to explore with minimal sound or shoreline impact to our world's waterways.

## LUXURY PAIRED WITH PERFORMANCE

### Explore in Comfort

At 30 feet, N30 offers configurations for every day on the water. Feel at home in the spacious interior, designed for quiet relaxation as well as entertaining your guests. Experience the pinnacle of comfort as you fly above the waves and enjoy conversation without the roar of an engine.

In complete serenity, embraced by plush seating and meticulously crafted interiors, N30 transcends your expectations for a day of marine adventure.

<b>Cruising</b>	<b>20 knots</b>	<b>Length</b>	<b>30 ft</b>
<b>Take Off</b>	<b>15 knots</b>	<b>Beam</b>	<b>8.8 ft</b>
<b>Top Speed</b>	<b>35 knots</b>	<b>Draft</b>	<b>2/5.5 ft</b>
<b>Max Range</b>	<b>75nm (86mi)</b>	<b>Passengers</b>	<b>8 people</b>
<b>Propulsion</b>	<b>Twin 90kW Electric Motors</b>	<b>Charging</b>	<b>Shorepower (Overnight @240V)</b>

# INSPIRED BY LEGACY

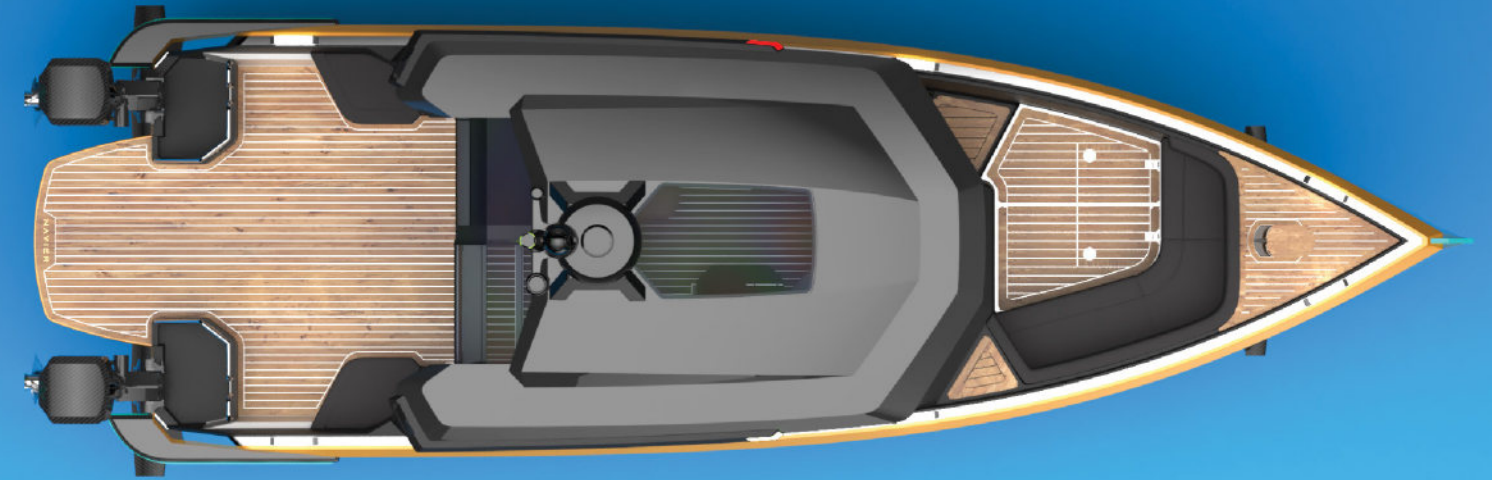

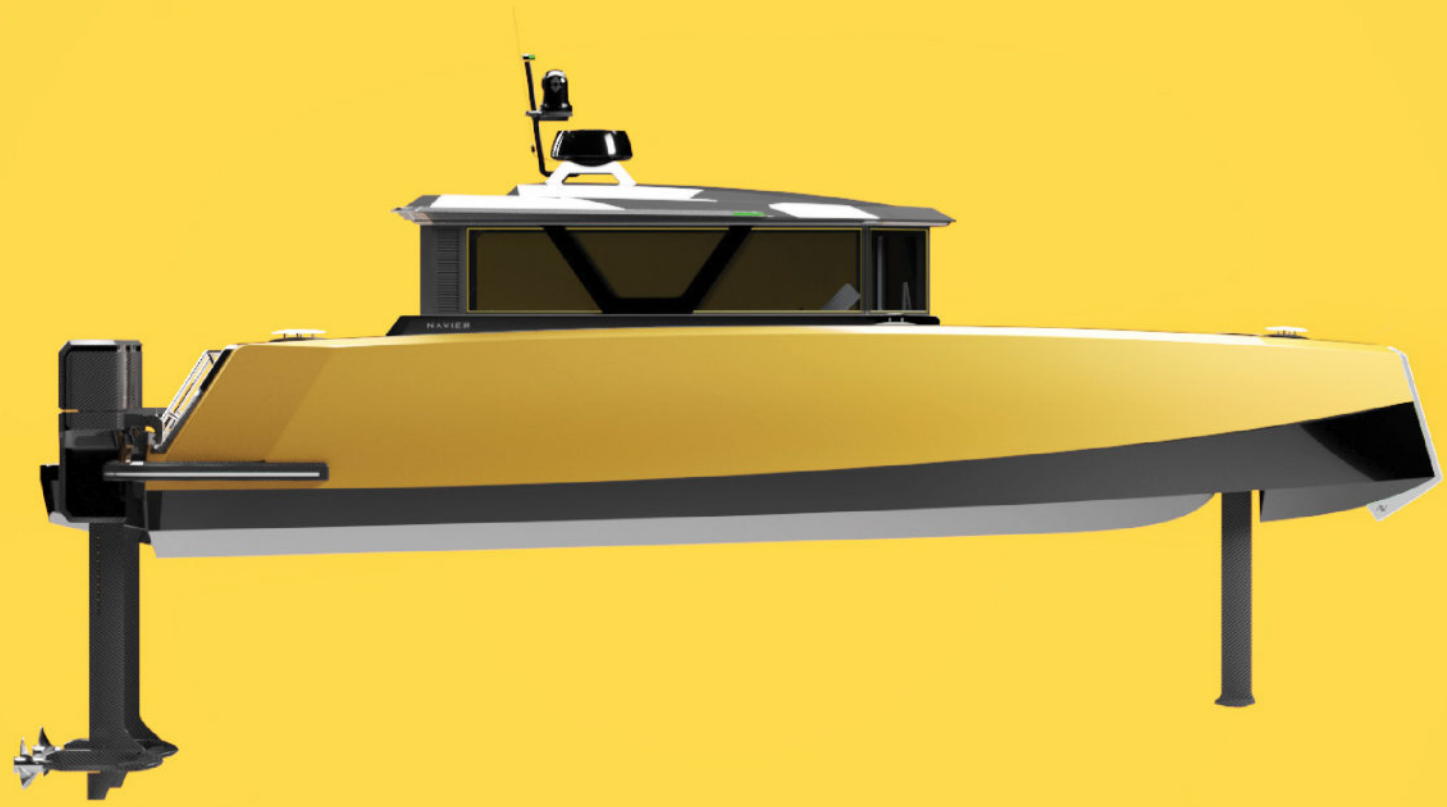

## Technology Meets Bold Design

N30 is steeped in rich American boat building heritage. Our first vessels were developed in partnership with The America's Cup and Lyman Morse boatyard in Maine, where we combined unique, modern, luxury-class craftsmanship with attention to detail and Silicon Valley technology. Navier is a venture backed company led by a team of MIT, Berkley and CMU graduates with experience in aerospace, maritime, autonomy and robotics.

All N30 vessels are designed and assembled in California.

YOUR FUTURE ADVENTURE IS ELECTRIC

## **N30 OPEN**

### **Warm Weather Cruise**

Embrace the freedom of the open water and discover a world of excitement under sun. Designed for recreation in mind, the N30 Open is built for making memories with friends.

## **N30 HARD TOP**

### **Tropical Exploration**

Embark across the seas with your N30 Hard Top. This is a vessel for adventure, whether you love watersports or just a day docked enjoying the water. It's time to discover the undiscovered.

# YOUR BOAT, YOUR WAY

## N30 CABIN

### All Season Utility

Enjoy the wonder of the water in style on your N30 Cabin. An enclosed craft with modern interior seating and lighting. With cutting-edge autonomy, it's time to be in charge of your comfort.

Base: \$375,000

Base: \$450,000

Base: \$550,000

**Base Configuration** Single Display, Standard Battery (45 nm), Navigation Lights, Bilge Pumps, Hatches, Cleats, Carbon Fiber Hydrofoils, Fully Electric Propulsion System, HIRO (Proprietary User Software), Joystick Docking

### Standard Configuration

Base + \$100,000

Extended Battery (75 nm)  
Cabin Sound System  
Dual Marine Display  
Depth Sounder

HIRO - Proprietary User Software  
Bow seating  
Bow stowable table  
Deck & Interior Lighting
